Payroll category does not show up on pay card for one or some employee

Problem:

I am running payroll and payroll category not show up on pay card for 1 or some employee.

Solution:

Steps:

1. Go to setup > employees.
2. Double click on the employee's name for whom payroll category is not displaying on pay card.
3. Go to the 'pay card' tab.
4. Make sure payroll category (A category which is not showing up on pay card) is flag on.
