

Acclaim - Invalid license file on network install

Problem:

Invalid license file error for Network install.

Solution:

Steps:

1. Go to workstation where paymate is working.
2. Go to setup > preferences,
3. Write down path of 'Working Directory'
4. Go to workstation where paymate is not working.
5. Go to 'C:\paymateW' and open(open with Notepad) file PMW.ini.
6. WorkingDir=(path for working Directory from step 2)
